<b>BEFORE WATCHING:</b>	You are going to watch a video about Lilian, a girl from Kenya. What do you expect to learn about her life and daily routine? Work with a partner: make a list of five ideas and present them to the whole group.

**WHILE WATCHING:**

1. How old is Lilian?
2. What time does she get up on schooldays?
3. How long does it take her to get to school?
4. When do the lessons start?
5. When is the tea break? How long is the lunch break?
6. What kind of games do they play?
7. What does she do in her free time?
8. Why is it difficult for her to wake up?
9. What motivates her to go to school?
10. What does she want to become? When did she decide it?
11. What are her favourite subjects?
12. What is her dream? How long does she have to study to have the profession she wants to have?
13. What other career choice has she thought about?
14. When does she wake up at weekends and what does she do?
15. How big is her family?
16. What do her parents do for a living?
17. What do they grow in their garden?
18. What animals does the family have?
19. Who built the house?
20. What did Lilian say about her bedroom?
21. What were the blue things in her bedroom?
22. What kind of energy do they use?
23. What does Lilian say about her home village?
24. What would she like to see in Estonia?
25. What is Lilian's message to the students of Estonia?

**AFTER WATCHING:**

1. What did you find most surprising about her life after watching the video?
2. Compare your day and Lilian's day.
3. Lilian talked about her future plans. Do you think her dream will come true? What obstacles might she face?
4. What are her values? What does she think is important in life? Do you share her ideas?
5. If you could host Lilian for a week what would you show her in your town/village? Why?

**THINK!**

**SDGs**

Which sustainable development goals can be discussed in connection with Lilian's video? Discuss in groups of 3 and present your ideas to the whole group.
